Subject: Been in touch with Great Lakes Chemical, aka Chemtura...

I spoke with their POC on the phone and briefed him on the situation. They are considering my request to accept the partial drum of MB as returned goods under a dangerous goods B of L. I sent them Geoff's photos of the cylinder and gave them the OSC web site. They seem to be cooperative and will get back to me. I told them there's a sense of urgency to get the unused MB off island. I'll keep you posted.
